Professional Summary

Full Stack Developer with **2+ years** of experience building scalable web and mobile applications using **React, Next.js, React Native, Expo, and Python (FastAPI)**. Currently working as a Software Engineer at EaseworkAI, developing end-to-end solutions integrated with SAP systems. Experienced in async backend services, large-scale data processing (100k+ records), and performance optimization with a strong focus on clean architecture and production-ready systems.

Technical Skills

Languages: JavaScript, Python, HTML5, CSS3

Frontend: React.js, Next.js (App Router, Server Components), React Native, Expo, Redux, Tailwind CSS, shadcn/ui, Ant Design, GSAP

Backend: FastAPI, Async Python (async/await, asyncio), REST APIs, SAP Service Layer

Databases: MongoDB (CRUD, Aggregations, Indexing)

Tools & DevOps: Git, GitHub Actions (CI/CD), Firebase, SEO Optimization, Google Analytics

Professional Experience

Software Engineer (Intern)

2024 – Present

EaseworkAI

Remote

- Engineered full-stack features using **Next.js** and **FastAPI** for production-grade enterprise systems
- Architected async REST APIs to handle high-volume SAP-integrated data flows with optimized response times
- Integrated SAP Service Layer with session-based authentication, ensuring secure data transactions
- Successfully migrated and processed **100k+ records** from SAP to MongoDB with zero data loss
- Boosted application performance by implementing MongoDB aggregations, indexing, pagination, and lazy loading strategies
- Collaborated within existing **CI/CD pipelines** using GitHub Actions for seamless deployment

Frontend Developer

Dec 2023 – Aug 2024

GrowHut

Gurugram, India

- Developed responsive, pixel-perfect web applications using **React** and **Next.js**
- Integrated RESTful APIs and managed complex application state using **Redux**
- Implemented smooth animations using **GSAP** and ensured cross-browser compatibility across all major browsers

Web Developer

Oct 2022 – Mar 2023

Celebrare

Ajmer, India

- Implemented multilingual support for international audiences, increasing user engagement by **15%**
- Enhanced website visibility through SEO optimization and implemented analytics-driven performance improvements

Featured Projects

ProcuraAI

[Live Demo](#)

- Developed a SaaS-style landing platform with clear product messaging and modular component architecture
- Optimized for performance using **Next.js** and **Tailwind CSS** with lighthouse score of 95+

Aura Space

[Live Demo](#)

- Built a modern, visually immersive web experience using **React** and **Next.js**
- Implemented smooth UI transitions, parallax effects, and fully responsive layouts for optimal user experience

Forge Life

Mobile App

- Designed and developed a cross-platform personal productivity app using **React Native** and **Expo**
- Features include workout tracking, weight monitoring, and life goal management with clean UI and scalable state management
- Focused on daily usability, performance optimization, and mobile-first user experience

Image Gallery

[Live Demo](#)

- Built a React application integrated with **Unsplash API** for real-time image search and browsing
- Implemented pagination, lazy loading, and immersive modal previews for enhanced user interaction

Education

Maharaja Chhatrasal Bundelkhand University

2020 – 2023

Bachelor of Arts in Computer Application
